HOSPITAL MEDICINE

Index 2002 Volume 63

A

Abdominal aortic aneurysms, concurrent, prioritizing treatment. *Case report.* K Somaskegar et al ... 566
Abdominal radiograph: pictorial review. *Review.* C Cook et al ... 726
Abdominal surgery, uses and abuses of drains. *Review.* MA Memon et al ... 282
Abdominal wall ischaemia, interior, in association with multiple myeloma. *Case report.* AJ Durrani et al . 628
Abdul Wahid FS, Ken CS and **Azman Ali R.** Acute leukaemia masquerading as acute abdomen. *Case report* ... 372
Abhyankar B. Further reduction in mortality following myocardial infarction. *Drug focus* ... 610
Acromegaly, Somatuline Autogel: an extended release lanreotide formulation. *Drug focus.* S Lightman . 162
Acute abdomen, acute leukaemia masquerading as. *Case report.* FS Abdul Wahid et al ... 372
Adult respiratory distress syndrome (ARDS), should we use inhaled nitric oxide? *Anaesthetic and critical care dilemma.* M Sivaloganathan ... 765
Advanced nurse practitioners. *Corres.* D Sayre-Stanhope; CL Cox ... 439
Agalsidase alfa: specific treatment for Fabry disease. *Drug focus.* A Mehta ... 347
Agell I
Managing schizophrenia. *Corres* ... 118
Musical management of Parkinson's disease. *Corres* . 54
Air travel and deep vein thrombosis. *Editorial.* JH Scurr 388
Aitken M *see* Heard S et al
Akritidis N, Papaioannides D, Kitsiou E and **Korantzopoulos P.** Necrotizing cutaneous mucormycosis. *Case report* ... 308
Al Attia HM and **Chamseddine F.** Multiple cystic disease of the lung. *Corres* ... 561
Alcohol dependence, treating in a district general hospital. *Review.* R Burnill and C Daly ... 416
Alcoholic hepatitis with ascites may mimic advanced ovarian malignancy. *Case report.* MI Prince et al . 368
Alcoholic patients, diagnosing hepatitis E in. *Corres.* B Mishra and B Panayiotou ... 118
Alendronate, once-weekly treatment for osteoporosis. *Drug focus.* M Stone ... 230
Alexander DA. Psychiatric consequences of trauma. *Trauma symposium* ... 12
Alexander-Sefre F, Menon U and **Jacobs IJ.** Ovarian cancer screening. *Neoplastic disease symposium* . 210
Alpha-fetoprotein elevated levels in a woman with ovarian teratoma. *Case report.* S-C Huang and M-T Lau . 244
Alzheimer's disease, neuroimaging to predict preclinical disease. *Brain imaging symposium.* V Kumari et al ... 341
Ambrose L *see* Cheeroth S and –
Amin A and **Amen F.** eSTEP: a web-based learning resource for basic surgical trainees. *Education and training update* ... 110
Amiodarone-induced thyrotoxicosis
Corres. R Gama; N Younis ... 753
management. *Review.* N Younis et al ... 546
Anaesthesia
are we going to do a rapid sequence on the next patient, doctor? *Anaesthetic and critical care dilemma.* S McCorkell ... 509
for caesarean section complicated by placenta praevia. *Anaesthetic and critical care dilemma.* NS McCallum and M Cox ... 636
effect of general anaesthetics on cognitive function. *Student's abstracts.* Y Kasmi and MV Shah ... 626
Hartmann's solution or saline: is it still a controversy? *Anaesthetic and critical care dilemma.* R Stephens and M Grocott ... 124
use of the bispectral index to monitor. *Editorial.* TJ Gan and AS Habib ... 68
using the bispectral index for. *Corres.* P Glass ... 310
what are you going to do about the base deficit? *Anaesthetic and critical care dilemma.* MPW Grocott et al ... 701
why is xenon not more widely used? *Editorial.* H Meeder and B Lachmann ... 4
Anaesthetic management of the elderly surgical patient with cognitive impairment. *Anaesthetic and critical care dilemma.* S Crowe .. 445
Andrews F and **Griffiths R.** Glutamine-enhanced nutrition in the critically ill patient. *Nutrition symposium* ... 144
Andrews J. Restoring post-prandial insulin release in type 2 diabetes. *Drug focus* ... 95
Andrews R and **Tulloh R.** Hypoplastic left heart syndrome: diagnosis and management. *Review* ... 24
Aneurysms, abdominal aortic, prioritizing treatment in cases of concurrent. *Case report.* K Somaskegar et al ... 566
Ankle
common injuries. *Common injuries encountered in A&E.* R Coull and RL Williams ... 624
fractures. *Common injuries encountered in A&E.* R Coull and RL Williams ... 556
Anorectal sepsis. *General surgical emergencies.* F Hughes and S Mehta ... 166
Anti-IgE therapies, role in the treatment of asthma. *Review.* KS Babu and ST Holgate ... 483
Antibiotics
chloramphenicol in the 21st century. *Review.* DW Wareham and P Wilson ... 157
tobramycin (TOBI®): reducing the impact of pseudomonal infection. *Drug focus.* J Govan ... 421
Antidepressants
escitalopram: efficacy and tolerability in the treatment of depression. *Drug focus.* DS Baldwin 668
venlafaxine: new class of. *Drug focus.* J Hardy et al . 549
Antipsychotics, atypical: quetiapine, well-tolerated and effective. *Drug focus.* JSE Hellewell ... 600
Aortic aneurysms, abdominal, prioritizing treatment in cases of concurrent. *Case report.* K Somaskegar et al ... 566
Appleyard J *see* Heard S et al
Argyropoulos S *see* Hardy J and –
Arterial injury. *General surgical emergencies.* LM South ... 553
Arya M *see* Foley CL et al; Hamid R et al; Kalsi JS et al; Lee F et al; Shergill IS et al
Asbestos-related disease. *Review.* C Bolton et al ... 148
Ashford RU, Scollay J and **Harrington P.** Obtaining informed consent. *Corres* ... 374
Asthma, role of anti-IgE therapies treatment. *Review.* KS Babu and ST Holgate ... 483
Atopic dermatitis epidemiology. *Atopic dermatitis symposium.* J Daniels and J Harper ... 649
Atopic eczema
pathogenesis. *Atopic dermatitis symposium.* PS Friedmann ... 653
phototherapy and systemic treatments. *Atopic dermatitis symposium.* NJ Reynolds and SJ Meggitt ... 657
Autoimmune endocrine conditions, endocrine potpourri. *Case report.* D Devendra et al ... 754
Axon A. Screening for carcinoma of the colon: current views. *Editorial* ... 132
Azman Alu R *see* Abdul Wahid FS et al

B

B-cell lymphoma, isolated of the pituitary region: a rare clinical entity. *Case report.* JW Stephens et al ... 306
b2-agonists, long-acting in chronic obstructive pulmonary disease. *Drug focus.* C Llewellyn-Jones ... 20
Babu KS and **Holgate ST.** Role of anti-IgE therapies in the treatment of asthma. *Review* ... 483
Bacon A *see* Cushen N et al
Baird RD and **Shee CD.** Carcinoma-induced diffuse pulmonary haemorrhage. *Case report* ... 176
Balance disorders in adults: an overview. *Review.* R Palaniappan ... 278
Baldwin DS. Escitalopram: efficacy and tolerability in the treatment of depression. *Drug focus* ... 668
Banerjee S and **Swanton RH.** Pericardial constriction: diagnosis and management. *Cardiovascular disease symposium* ... 72
Banerjee S *see also* Denniston A and –
Bannwarth syndrome. *Case report.* ME Farrugia ... 692
Barkataki I *see* Das M et al
Base deficit, what are you going to do about it? *Anaesthetic and critical care dilemma.* MPW Grocott et al ... 701
Bavetta S and **Benjamin JC.** Assessment and management of the head-injured patient. *General surgical emergencies* ... 289
Benign prostatic hyperplasia: solutions to an ageing problem. *Men's health symposium.* CL Foley et al ... 460
Benjamin JC *see* Bavetta S and –
Bhanot S. Counselling patients before rectal examination. *Corres* ... 374
Bhargava D, Sankhla D and **Chand P.** Undiagnosed sinusitis leading to orbital cellulitis. *Case report* .. 50
Biliary tract emergencies. *General surgical emergencies.* RW Parks ... 226
Biologic therapy, advances in the medical management of rheumatoid arthritis. *Review.* DL Scott ... 294
Bioterrorism
better systems still needed. *Commentaries.* DAB Dance ... 519
containing and combatting. *Editorial.* RC Spencer and NF Lightfoot ... 516
health services in the detection of and defence against. *Commentary.* A Nicoll ... 519
Birch P see **Lyburn ID et al**
Bispectral index
use to monitor anaesthesia. *Editorial.* TJ Gan and AS Habib ... 68
using for anaesthesia. *Corres.* P Glass ... 310
Bisphosphonates, once-weekly treatment for osteoporosis. *Drug focus.* M Stone ... 230
Bite marks, human and forensic dentistry. *Review.* IA Pretty and RC Hall ... 476
Blacklay AE. Surviving childhood cancer. *Corres* ... 630
Bladder and renal stones: management and treatment. *Review.* A Westenberg et al ... 34
Blood transfusion, what are the appropriate triggers for red cell transfusion? *Anaesthetic and critical care dilemma.* M Sodhi ... 573
Bolton C, Richards A and **Enden P.** Asbestos-related disease. *Review* ... 148
Bone
management of skeletal metastases. *Oncology symposium.* M Radford and CLMH Gibbons ... 722
osteoid osteoma management. *Neoplastic disease symposium.* J Witt ... 207
see also Osteomyelitis; Osteoporosis
Borrelia, case of Bannwarth syndrome. *Case report.* ME Farrugia ... 692

Compiled by Jill C Halliday, BSc

Bott SRJ *see* **Foley CL et al; Shergill IS et al**
Bouveret's syndrome: an unusual case of pyloroduodenal obstruction. *Case report.* NJ Menon et al 432
Brain imaging
key to understanding depression. *Brain imaging symposium.* MT Mitterschiffthaler et al 332
in psychiatry: what has it done for the patient? *Editorial.* T Sharma and J Sheringham 326
see also Neuroimaging
Brain injury, traumatic: assessment and management. *Trauma symposium.* H McNaughton and M Harwood 8
Brainstem lesions, systemic lupus erythematosus presenting with. *Case report.* CHA Tan and A Rahman 115
Breast cancer
blame the mothers. *In the public's view.* NW Goodman 501
controversy over screening. *Editorial.* SW Duffy ... 708
Breastfeeding, blame the mothers. *In the public's view.* NW Goodman 501
Britton E, Shergill IS and **Stoker DL.** Third dimension: it's behind you! *Images in medicine* 563
Bronchiectasis, pseudodextrocardia in. *Case report.* MG Kelly et al 304
Bronchoscopic and angiographic findings in Dieulafoy's disease of the bronchus. *Case report.* B Hope-Gill and BV Prathibha 178
Brucellosis, pyrexia of unknown origin: a swollen gland and a glass of milk. *Case report.* NM Turner and AD Dwarakanath 502
Bullock A *see* **Wall D et al**
